**NOTICE OF APPLICATION**  
**Southern California Edison Company's Request to Increase Electricity Rates**  
**APPLICATION A.20-10-018**

**Why am I receiving this notice?**

On October 30, 2020, Southern California Edison Company (SCE) filed with the California Public Utilities Commission (CPUC) SCE's Application No. 20-10-018 for authority to increase rates for water service on Santa Catalina Island (Catalina) and recover costs from water and electric customers. SCE's cost recovery proposal will likely increase the electricity rates for the customers in SCE's service territory. The application is requesting a total of \$29 million in drought and environmental expenses, as well as deferred revenues from SCE's proposed five-year revenue requirement phase-in as discussed below.

If the CPUC approves this application, SCE will recover \$19 million in drought and environmental costs in rates over a one-year period beginning in 2022. \$10 million in deferred revenues will also be collected on an ongoing basis over the five-year phase-in period, starting in 2022 and ending in 2026. This will impact your bill.

**Why is SCE requesting this rate increase?**

SCE is requesting this rate increase to recover:

- Incremental Operations and Maintenance expenses due to the recent historic drought and lost revenues due to the drought and implementing the Staged Water Conservation and Rationing Plan;
- Environmental related capital expenditures completed between 2012 and 2019; and
- Deferred revenues resulting from SCE's five-year revenue-requirement phase-in proposal.

**How could this affect my electricity bill?**

If SCE's rate request is approved by the CPUC, the average residential monthly bill using 550 kWh per month would increase by approximately \$0.29 or 0.2% per month in 2022.

**Proposed Electricity Rate Increase**

**How does the rest of this process work?**

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SCE's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding are currently reviewing SCE's application, including the Public Advocates Office, which is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels.
